The SD Master Pork Producers Association is made up of Allied Industry Individuals whose goal is to recognize outstanding South Dakota Pork Producers and to promote the South Dakota Swine Industry in a positive manner.

SD Master Pork Producer’s have been very active for over 45 years in promoting the swine industry and plan to continue that tradition for many years to come. Annually, we select and recognize outstanding SD Master Pork Producer winners, which are recognized at the SD Master Pork Producer Banquet during the SDPPC Pork Congress. The MPPA Banquet along with our Annual Pork Chop Open has helped us raise more than \$100,000 in funds that go toward scholarships at SDSU for students interested in swine production. We also have been able donate thousands of pounds of pork to The Banquet, an organization which provides meals for the less fortunate, and pork certificates to families of deployed military during the holidays.

Here is how you or your organization can become a member of the SD Master Pork Producers Association:

Platinum Sponsorship: Sponsorship level minimum of \$575. Membership to the MPPA, sponsorship of the Pork Chop Open, and 1 team for the 4-person Scramble, plus additional contributions such as Hole-in-One sponsor or Lunch sponsor.
